FROM THE PUBLISHER

THE TIME *Is Now*

As each new week unfolds, we are reminded that God is always moving His Kingdom forward. Every season brings fresh opportunities to grow, serve, and hear His voice in new ways.

This issue of *Kingdom Voices Weekly* celebrates exactly that.

We are honored to welcome **Bishop KJ Brown** and **Dr. Shelly Williams** as our newest Impact Hosts. Their unique voices and biblical perspectives strengthen our mission to provide teaching that equips, encourages, and inspires believers around the world.

We're also pleased to feature **Prophetess Lashonda Hartdige**, whose timely message reminds us that spiritual growth is rooted in a genuine relationship with Christ. In our *Kingdom Spotlight*, you'll also meet **Dr. Shekita Jackson**, whose ministry continues to encourage people to rebuild, grow, and pursue God's purpose with confidence.

The theme of this issue is *The Time Is Now*. God's timing is never accidental. Throughout Scripture, He has called ordinary people to extraordinary assignment when they were willing to trust Him. The same invitation is extended to each of us today.

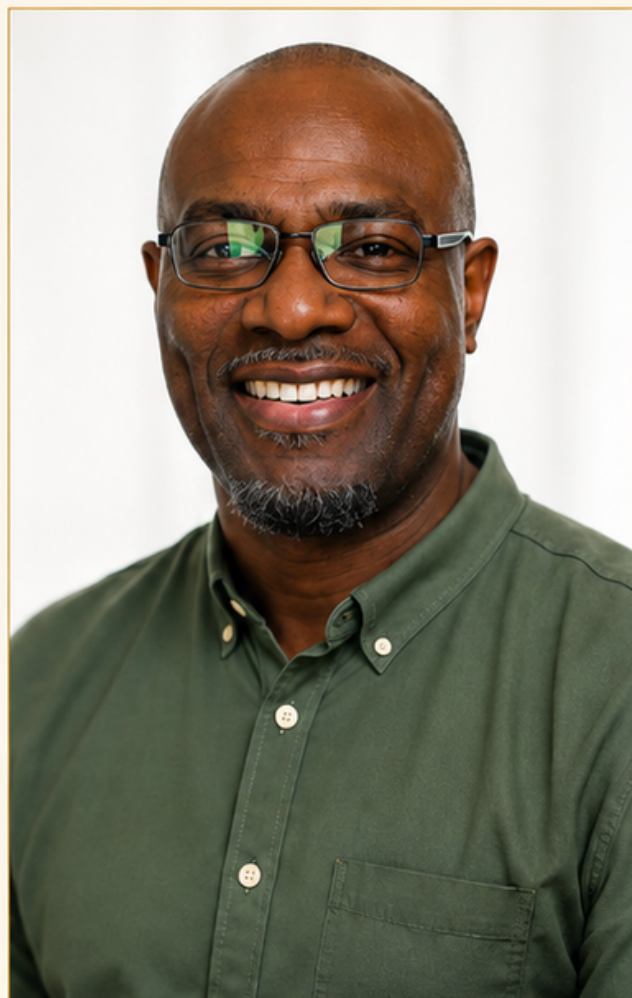

Whether you're joining us for the first time or you've been with us since the beginning, thank you for making *Kingdom Voices Weekly* part of your journey. It is our prayer that every article, every broadcast, and every testimony strengthens your faith and encourages you to live with Kingdom purpose.

Thank you for reading, supporting, and sharing this publication with others.

Together, we continue to amplify Kingdom voices—one week at a time.

FEATURED THIS WEEK

SAVED PEOPLE GO TO CHURCH

A POWERFUL REMINDER THAT SALVATION IS THE START—
NOT THE REASON TO STOP GATHERING.

Many believers have been taught that once they are saved, church attendance becomes optional. But in this week's impactful message, Prophetess Lashonda Hartdige delivered a clear and biblically grounded truth:

Saved people don't stay away—saved people show up. Saved people go to church.

With wisdom, clarity, and a bold prophetic voice, she challenged the mindset that separates salvation from fellowship and reminded us that church is not a suggestion—it's a divine design.

MESSAGE RECAP

Prophetess Hartdige unpacked key biblical principles that show why gathering with other believers is essential for every follower of Christ.

- 1 **SALVATION BRINGS US IN.**
Being saved is the doorway into God's family, but it's not the end of our journey.
- 2 **FELLOWSHIP BUILDS US UP.**
We grow stronger in community. Iron sharpens iron, and faith is strengthened through connection.
- 3 **THE CHURCH EQUIPS US.**
God designed the Body of Christ to teach, train, and prepare us for Kingdom work.
- 4 **OUR PRESENCE MATTERS.**
When we show up, we encourage others—and we make room for the move of God.

“

*Church isn't for perfect people.
It's for people who know they need grace, growth, and God's presence.*

”

KEY TAKEAWAY

You don't go to church to get saved.
You go to church because you are saved.

Church is where we worship together, receive the Word together, serve together, and become everything God created us to be—together.

SCRIPTURE HIGHLIGHT

Hebrews 10:24–25 (NKJV)

“And let us consider one another in order to stir up love and good works, not forsaking the assembling of ourselves together, as is the manner of some, but exhorting one another, and so much the more as you see the Day approaching.”

PROPHETESS
LASHONDA HARTDIGE
Kingdom Sapphire Sista

KINGDOM APPLICATION

This week, Prophetess Hartdige challenged viewers to:

**COMMIT**

Make church attendance a priority, not an option.

**CONNECT**

Build relationships that push you closer to Christ.

**CONTRIBUTE**

Use your gifts and time to serve and support the Body.

**CONTINUE**

Stay consistent. Don't miss what God is doing with your presence.

KINGDOM PERSPECTIVE

ARTIFICIAL INTELLIGENCE
& THE KINGDOM*Using Today's Technology to
Advance an Eternal Message*

Artificial intelligence has become one of the most discussed technologies of our generation. For many churches and ministries, the conversation is often driven by fear or uncertainty.

But perhaps the better question isn't whether AI should replace ministry. *It can't.*

The real question is whether Kingdom leaders will learn to steward new tools for God's purposes while remaining completely dependent upon the Holy Spirit.

Throughout history, God has used every available means to spread the Gospel—from Roman roads and handwritten manuscripts to the printing press, radio, television, websites, livestreaming, and mobile apps. Artificial intelligence is simply another tool.

*The anointing has never come from the tool.
It comes from God.*

KINGDOM FOUNDATIONS

*Technology should never replace prayer.
It should never replace discernment.
It should never replace biblical study.
It should never replace genuine relationships.*

But when used wisely, AI can help ministries:

- Reach more people.
- Create better educational resources.
- Translate messages into multiple languages.
- Improve accessibility.
- Save countless administrative hours so leaders spend more time ministering to people instead of managing paperwork.

KINGDOM OPPORTUNITY

When guided by biblical wisdom, artificial intelligence can help ministries:

Expand their reach beyond physical walls.

Create discipleship resources more efficiently.

Translate biblical teaching for global audiences.

Improve accessibility for people with disabilities.

Streamline administrative tasks so leaders have more time for people.

Communicate the Gospel with greater consistency across multiple platforms.

KINGDOM APPLICATION

This week ask yourself:

- ✓ What repetitive ministry task could AI help simplify?
- ✓ How could saved time be invested back into discipleship, prayer, or community outreach?
- ✓ Is your ministry leading the conversation—or avoiding it?

“

AI should never replace the voice of the Shepherd. It should simply help His voice travel farther.

”
